KORET QUAD OUTDOOR STAGE

11:45 AM Drag STEM Storytime
Misterrrr and UCSF scientists host a Storytime featuring children's book readings and a dazzling drag performance.

12:45 PM Perception vs Reality
Join magician Caleb Cheung, Chief Learning Officer at Quest Science Center, and his assistant Coco for a fun, family-friendly magic show.

1:30 PM Wild Science
Meet Tree Frog Treks reptiles and amphibians face-to-face and learn about how humankind can help save, preserve, and maintain our planet.

2:15 PM STEM Magic Show
Experience magic that's actually real! "STEM Magic" where audience members become active investigators.

3:15 PM Tiny Rock
Tiny Rock is a living-room sized band that has been writing songs about birds and other things since 2012.

UCSF - PROPEL
UCSF - Radiology - Advanced Imaging Technologies

GIANT INFLATABLE HUMAN ORGANS

Walk through giant inflatable models of a colon and a pair of lungs. Learn how these organs work, what cancer is, and how it affects them.

SANDLER INDOOR STAGE

11:30 AM Curious Minds
Meet scientists who are working every day to change the world. Get a sneak peek into the MBC BioLabs and why it's so fun to be a scientist!

12:15 PM Science of Light
Step inside the glowing intersection of art and optical physics with light artist Johan Fredrik Källman's Luxtriplicata.

1:00 PM 3 Minute Science
In 3 minutes, UCSF PhD students and postdocs will explain groundbreaking scientific research in terms everyone understands.

1:45 PM Nature's Blueprint with KQED Deep Look
Butterflies, geckos, owls, and mussels all connect real world science and design breakthroughs.

3:15 PM That's Absurd Please Elaborate
Join us for a live science podcast recording where experts answer ridiculous questions.
